Response to Amendment

1. In response to the Office Action mailed 21 September 2007, applicant submitted a response filed 21 November 2007. Applicant cancelled claims 10 and 12-14.

Allowable Subject Matter

2. As previously indicated, claims 1-2, 4, 7-9, 15-16, 18, and 21-24 are allowed. The following is an examiner's statement of reasons for allowance: Independent claims 1, 15 and 24 as amended sufficiently teach the implementation of a speech-enabled application that defines over the prior art. The remarks provided by applicant on pages 9-11 of Remarks from response submitted 10 July 2007 are sufficient for explanation of how the claimed invention teaches over the prior art. The dependent claims are also allowable for at least narrowing the scope of invention in independent claims 1 and 15. The Examiner notes the position regarding embedding of the interpreter within the operating system stands for independent claims 1, 15 and 24 and is not persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
